10. Probation :

(1) Every person appointed to a post either by direct recruitment or by departmental promotion, shall be on probation for a period of one year :

Provided that the appointing authority may extend the period of probation by any period, which shall not normally exceed one year, except for special reason to be recorded in writing; but no employee shall be kept on probation for a total period exceeding three years in any post.

(2) During the period of probation, an employee may be required to pass a written examination or a proficiency test or a trade test within a specified period, or in a specified number of chances, and on such conditions, as may be specified in this behalf.

(3) A decision on the question whether an employee should be deemed to have completed the period of probation satisfactorily, or whether his probation should be extended, shall ordinarily be taken within a period of two months from the date of expiry of the period of probation and communicated in writing to the employee.

(4) An employee, who fails to complete his probation satisfactorily, or who fails to pass the written examination, proficiency test or trade test mentioned in sub-regulation (2), within the specified period or chances or within such extended period or chances, as may be allowed to him, or whose

progress is not satisfactory during the period of probation, may be;

- (i) discharged from the service of the Commission if he is a direct recruit from the open market, or
- (ii) reverted to a lower post, if he is a promotee, or was appointed to the higher post as a departmental employee against direct recruitment without any notice or any reason being assigned.

11. Confirmation against Permanent Post :

The employees of the Commission will be eligible for confirmation against permanent posts in accordance with the principles as laid down in Annexure I appended to these regulations.

12. Substantive Appointment :

(1) Two or more employees cannot be appointed substantively to the same permanent post at the same time.

(2) An employee cannot be appointed substantively except as a temporary measure to two or more permanent posts at the same time.

(3) An employee cannot be appointed substantively to a post on which another employee holds a lien.

13. Lien :

(1) Unless in any case it be otherwise provided in these regulations, an employee on substantive appointment to any permanent post, acquires a lien on that post and ceases to hold any lien previously acquired on any other post.

(2) Unless his lien is suspended under regulation 14 or transferred under regulation 16, an employee holding substantively a permanent post retains a lien on that post—

- (a) while performing the duties of that post;
- (b) while on foreign service or holding a temporary post, or officiating in another post;
- (c) during joining time on transfer to another post, unless he is transferred substantively to a post on lower pay in which case his lien is transferred to the new post from the date on which he is relieved of his duties in the old post;
- (d) while on leave other than refused leave granted after the date of compulsory retirement; and
- (e) while under suspension.

14. Suspension of Lien :

(1) The competent authority shall suspend the lien of an employee on a permanent post which he holds substantively, if he is appointed in a substantive capacity;

- (a) to a tenure post, or
- (b) provisionally, to a post on which another employee would hold a lien had his lien not been suspended under this regulation.

(2) The competent authority may, at its discretion suspend the lien of an employee on a permanent post which he holds substantively, if he is deputed out of India or transferred to foreign service, or in circumstances not covered by sub-regulation (1) is transferred in an officiating capacity, to a post in another cadre and if in any of these cases there is reason to believe that he will remain absent from the post on which he holds a lien for a period of not less than three years.

(3) Notwithstanding anything contained in sub-regulation (1) or (2) an employee's lien on a tenure post may in no circumstances be suspended and if he is appointed substantively to another permanent post, his lien on the tenure post must be terminated.

(4) If an employee's lien is suspended under sub-regulation (1) or (2) the post may be filled substantively and the employee appointed to hold it substantively shall acquire a lien on it;

Provided that the arrangements shall be reversed as soon as suspended lien revives.

NOTE : When a post is filled substantively under this regulation the appointment will be termed "provisional appointment", the employees appointed will hold a provisional lien on the post and that lien will be liable to suspension under sub-regulation (1).

(5) An employee's lien which has been suspended under sub-regulation (1) shall revive as soon as he ceases to hold a lien on a post of the nature specified in clause (b) of sub-regulation (1).

(6) An employee's lien suspended under sub-regulation (2) shall revive as soon as he ceases to be on deputation out of India or on foreign service or to hold a post in another cadre;

Provided that a suspended lien shall not revive because the employee takes leave if there is reason to believe that he may, on return from leave, continue to be on deputation out of India or on foreign service or to hold a post in another cadre and the total period of absence on duty may not fall short of three years or that he may hold substantively a post of the nature specified in clause (a) or (b) of sub-regulation (1).

15. Termination of Lien :

(1) An employee's lien on a post may, in no circumstances, be terminated, even with his consent, if the result shall be to leave him without a lien or a suspended lien upon a permanent post.

(2) Notwithstanding the provisions of sub-regulation (1) of regulation 14, the lien of an employee holding substantively a permanent post shall be terminated while on refused leave granted after the date of compulsory retirement.

(3) An employee's lien on a post shall stand terminated on his acquiring a lien on a permanent post (whether under the Central Government or State Government) outside the cadre on which he is borne.

16. Transfer of Lien :

Subject to the provisions of regulation 18, a competent authority may transfer to another permanent post in the same cadre the lien of an employee who is not performing the duties of the post to which the lien relates, even if that lien has been suspended.

17. Subscription to Funds :

An employee may be required to subscribe to the Contributory Provident Fund or other similar funds in accordance with the regulations made in this behalf.

18. Transfer and Training :

(1) A competent authority may transfer an employee from one post to another provided that except;

- (a) on account of inefficiency or misbehaviour; or
- (b) on his written request;

an employee shall not be transferred substantively to or appointed to officiate in a post carrying less pay than the pay of the permanent post on which he holds a lien or would hold a lien had his lien not been suspended under regulation 14.

(2) An employee shall be liable either to serve or undergo training or both anywhere in and outside India and such employee shall execute a bond binding himself to serve the Commission after the completion of the training for such period as may be specified in this behalf by the Commission.

(3) Without prejudice to the provisions of sub-regulations (1) and (2), where a cadre or service has been decentralised into two or more zones, the transfers shall normally be made within that zone.

19. Seniority :

Seniority of an employee shall be determined in the grade and cadre to which he belongs in accordance with the principles as laid down in Annexure II appended to these regulations.

20. Promotion :

(1) For the purpose of promotion, posts in the Commission shall be classified into the following two categories, namely :—

- (a) *Selection posts* : Posts, promotion to which shall be made by selection based on merit with due regard to seniority.

- (b) *Non-selection posts* : Posts, promotion to which shall be made by seniority subject to rejection of the unfit.

(2) Promotions shall be made in accordance with the regulations made in this behalf.

21. Loan of Services of the Employees of the Commission on Foreign Service Terms :

(1) The permanent employees, and those temporary employees of the Commission who have put in 3 years service in the Commission, may be allowed to go on deputation to other organisations. The deputation in each case, shall be approved by the Standing Committee or Commission and the period of deputation may be 2 years in the first instance. The model foreign service terms and conditions in such cases are given in Annexure III appended to these regulations and to the extent possible, the actual foreign service terms and conditions should conform to the model terms :

Provided that no employee will be allowed to proceed on deputation to private organisations.

(2) In a case where the services of an employee have been placed at the disposal of an outside authority, he shall be entitled to all the protection or benefits as would have been accrued to him had he been present in the Commission in accordance with the principles of "next below rule" under which the competent authority is empowered to specify posts outside the ordinary line of a service whereupon the employee belonging to that service would be entitled to receive the benefit of any officiating promotion he would have received in the normal line but for his being outside the normal line.

NOTE : The intention underlying the next below rule is that an officer out of his regular line should not suffer by forfeiting his promotion which he would otherwise have received, had he remained in his regular line. From that it follows that the fortuitous acting promotion of some one junior to an officer who is out of the regular line does not, in itself, give rise to a claim under the "next below rule". Before such a claim is established it should be necessary that all the officers senior to the officer who is out of the regular line have been given acting promotion and also the officer next below him unless in any case the acting promotion is not given because of inefficiency, unsuitability or leave. In the event of one of these three bars being applicable to the officer immediately below the officer outside his regular line, then some other officer, even more junior should have received acting promotion and the officers, if any, in between should have been passed over for one of these reasons.

22. No Objection Certificate for Registration with Employment Exchange :

(1) No employee of the Commission, whether permanent or temporary, shall be granted 'No objection certificate' for registration with the Employment Exchange for higher posts during the period of probation and one year after successful completion of the period of probation. This restriction, however, need not be made applicable, in the case —

- (i) employees belonging to Scheduled Castes or Scheduled Tribes possessing educational or technical qualifications higher than those required for posts already held by them;
- (ii) employees holding posts, equivalent to Class IV and who are educationally or technically qualified for higher posts; and
- (iii) employees reverted to a lower post otherwise than as a measure of penalty and whose emoluments have been reduced by more than 20 per cent.

(2) Temporary employees may be granted 'No objection certificate' for registering their names with the Employment Exchanges for higher posts after they have completed their probation period successfully and have put in one year's service thereafter if they possess qualifications for higher posts.

(3) Permanent employees may also be granted 'No objection certificate' after they have completed probation period successfully and have put in one year's service thereafter. The grant of such 'No objection certificate' to permanent employees shall be subject to the following conditions, namely :—

(i) The employee should be registered only for a post higher than the one he is holding in the Commission. In cases of doubt as to whether the post for which a permanent employee intends to register his name with the Employment Exchange is higher than the one he is holding in the Commission the decision of the competent authority shall be final.

(ii) On being selected for appointment by a Government Department or any Public Sector Undertaking for the higher post, he may be treated as on foreign service, as per terms of foreign service specified by the Commission. On the expiry of period of foreign service, he should either revert to the Commission or resign his post held in the Commission.

(iii) Once an employee has reverted to the Commission, he should not be allowed a 'No objection certificate' to register his name once again for a period of at least two years.

23. Resignation :

(1) The authority competent to accept resignation of an employee is the appointing authority.

(2) (a) Every employee other than an employee on probation, shall be required to give one month's notice in writing to the Commission while submitting his resignation :

Provided that an employee who has been declared permanent shall be required to give three months' notice.

(b) If an employee leaves the service of the Commission without requisite notice, then without prejudice to any other action which may be taken against him, the Commission may deduct from his pay and allowances and any other personal claims due to him, a sum equivalent to his pay and allowances for the period of notice required under clause (a) or the unexpired period thereof.

(3) Notwithstanding the provisions of sub-regulation (2), the appointing authority may, at its discretion, accept the resignation of the employee with immediate effect or with effect from any time before the expiry of the notice period, and may also waive the recovery from the employee's pay and allowances in lieu thereof.

(4) In the case of an employee who is engaged on work of importance and it would take time to make alternative arrangements for filling the post, the appointing authority may accept the resignation only after alternative arrangements have been made for filling up the post, even if this period exceeds the normal notice period of one month referred to in sub-regulation (2).

(5) In the case of an employee, whose conduct is under inquiry, or who is under suspension, the resignation shall not ordinarily be accepted unless the appointing authority considers that having regard to the merits of the disciplinary case, pending against him, it would be in the interest of the Commission to accept his resignation.

Provided that if the authority competent to dismiss such an employee is higher than the appointing authority the orders of the former shall be obtained before the resignation is accepted by the appointing authority.

(6) The authority competent to accept the resignation shall specify, in each case, the date from which the resignation should become effective if not immediately.

(7) A resignation becomes effective when it is accepted and the employee is relieved of his duties. Where a resignation has not become effective and the employee wishes to withdraw it, the authority who accepted the resignation may either permit the employee to withdraw the resignation or refuse the request for such withdrawal.

NOTP : Where a resignation has become effective, the acceptance of request for withdrawal of resignation amounts to re-employment. In such cases, the restoration of benefits of past service shall require prior concurrence of the Commission.

24. Termination of Service :

(1) Except as may specifically be provided in the contract of service, the services of a temporary employee shall be liable to termination at any time without assigning any reasons by a notice in writing given either by the employee to the appointing authority or by the appointing authority to the employee and the period of such notice shall be one month;

Provided that the services of any such employee may be terminated forthwith and on such termination, the employee shall be entitled to claim a sum equivalent to the amount of his pay plus allowances for the period of the notice at the same rates at which he was drawing them immediately before the termination of his service, or, as the case may be, for the period by which such notice falls short of one month.

Provided further that in the case of an employee who is under suspension or against whom disciplinary proceedings for imposition of major penalty have been initiated, the issue of a notice by the employee for termination of his employment shall not cause the appointment to be terminated, unless the appointing authority considers that it would be in the interest of the Commission to permit termination of the appointment. The termination of appointment shall become effective only when such a termination is accepted by the appointing authority and from such date as may be specified by the appointing authority. If the authority competent to dismiss such an employee is higher than the appointing authority, the orders of the former shall be obtained before the resignation is accepted by the appointing authority.

(2)(a) where a notice is given by the appointing authority terminating the services of a temporary employee or where the service of any such employee are terminated either on the expiry of the period of such notice or forthwith by payment of pay plus allowances, the Commission or any other authority specified by the Commission in this behalf may, of its own motion or otherwise re-open the case, and after calling for the records of the case and after making such inquiry as it deems fit.

(i) confirm the action taken by the appointing authority;

(ii) withdraw the notice;

(iii) reinstate the employee in service; or

(iv) make such other order in the case as it may consider proper;

Provided that except in special circumstances which should be recorded in writing, no case shall be re-opened under this sub-regulation after the expiry of three months;

(i) from the date of notice, in a case where notice is given;

(ii) from the date of termination of service in a case where no notice is given.

(b) where an employee is reinstated in service under item (iii) of clause (a), the order of reinstatement shall specify :—

(i) the amount or proportion of pay and allowances, if any, to be paid to the employee for the period of his absence between the date of termination of his services and the date of his reinstatement; and

(ii) whether the said period shall be treated as a period spent on duty for any specified purpose or purposes.

(3) Nothing contained in this regulation shall affect the power of the appointing authority in taking action against the employees under regulation 6 of the Oil and Natural Gas Commission (Medical Examination of Employees) Regulations, 1965.

Provided that no extension under this sub-regulation shall be granted for a period exceeding two years, except in very special circumstances.

(4) Notwithstanding anything contained in this regulation, the appointing authority shall, if it is of the opinion that it is in the commission's interest to do so, have the absolute right to retire any employee after he has attained the age of fifty years, by giving him notice of not less than three months' in writing or three months' pay and allowances in lieu of such notice.

1. A. Declaring Employees as Permanent :

General Principles :

- (a) Employees may be declared permanent strictly according to their seniority in the cadre.
- (b) Two or more employees of the Commission cannot be declared permanent against the same post at the same time.
- (c) No Government servant on Foreign Service or the Commission may be declared permanent if he holds a lien on a permanent post in Central Government or State Government Departments.
- (d) An employee of the Commission cannot be declared permanent against two or more permanent posts at the same time.
- (e) Employees may be declared permanent with retrospective effect, provided that :—
 - (i) a permanent post existed on the date;
 - (ii) the employee concerned was working in the grade on that date;
 - (iii) where an employee under suspension is reinstated and it is decided to treat the period of suspension as duty for all purposes, the employee may be declared permanent from the date on which he would have been normally confirmed even though he was under suspension on that date.

B. Suitability and Fitness :

Before declaring permanent, competent authority shall satisfy itself that the person concerned has —

- (i) character, conduct and work to render him suitable for permanent retention in the service of the Commission;
- (ii) passed the specified departmental tests, if any;
- (iii) been examined by an appropriate medical authority and found fit;
- (iv) completed satisfactorily his probation period;
- (v) completed 3 years' service in the Commission in the grade in which the employee is to be confirmed.

C. Security of Service and Benefits .

If there is reduction in the Establishment of the Commission, the service of a permanent employee shall not be liable to termination so long as any post of the same grade held by him, continues to be held by an employee not in a permanent service in the Commission.

D. The competent authority for declaring employees permanent shall be.—

- (a) *the Director of Personnel*—for all former class I and II officers and centralised category of former class III posts :

Provided that in the case of Class I posts, approval of appointing authority will be obtained; and

- (b) *the Director of Personnel or the General Manager*—for all former class III and IV decentralised category of posts of their respective regions :

Provided that the allocation of posts to be declared permanent will be made by the Headquarters.

2. (1) Confirmation of employees against permanent posts in disregard of the above provisions shall be erroneous. Confirmation shall be cancelled if the order of confirmation was clearly contrary to these regulations.

- (a) if the order of confirmation was made when there was no substantive vacancy and the confirming authority had no power to create the post in which the officer was confirmed.
- (b) if the order of confirmation was made in error, e.g., naming wrong person; mistake in identity.

(2) Orders of confirmation in the above mentioned cases are void ab initio and the employee does not acquire any right to hold the post in which the order purported to confirm him. Therefore the procedure of "show cause notice" is not required to be followed before cancelling the order of confirmation.

ANNEXURE II

(Regulation 19)

PRINCIPLES FOR SENIORITY

The following principles will be followed for regulating the seniority of the employees in the Oil & Natural Gas Commission :

A. Direct Recruits

- (i) The inter-se-seniority of candidates selected on any one occasion shall be determined in the order of merit in which they are placed by the selection committee.
- (ii) Where persons recruited initially on probation, are confirmed subsequently, in an order different from the order of merit indicated at the time of their selection, seniority shall follow the order of confirmation and not the original order of merit.

In cases where the period of probation of an employee is extended on account of a vigilance or disciplinary case pending against him and the employee is subsequently exonerated, his probation will be regularised from the date on which it

would have otherwise been regularised but for the pendency of the vigilance or disciplinary case.

- (iii) The candidates who are offered the appointments in the Commission against direct recruitment quota shall be asked to join within 1½ months from the date of receipt of offer in order to retain their seniority. When a candidate at the time of applying or interview indicates, that he would need more time and this fact is duly noted when placing him on the selection list, he may be allowed to join within a maximum period of 100 days from the date of issue of the order. If, however, the candidate is an employee of the Oil & Natural Gas Commission and cannot join within the aforesaid period of one and half months, on account of exigencies of work then the appointing authority may, if it is satisfied that the candidate is unable to join duty in the exigencies of the Commission's work, extend the period within which the candidate would be permitted to join without losing his seniority by a maximum of two months (in addition to 1½ months allowed to outsiders).

- (iv) Such Government officers and employees as are selected in direct competition through open advertisement but are appointed on foreign service terms shall be deemed to be direct recruits for the purpose of determination of their seniority in the Commission.

Seniority of such persons once determined, shall not be affected by their retirement from the parent-office, if they continue in the Commission's employment beyond such retirement.

- (v) Government pensioners and retrenched employees, who are initially re-employed in the Commission after their retirement or retrenchment, shall also be treated as direct recruits for the purposes of determination of seniority.

B. Departmental Promotees :

- (i) The inter-se-seniority of departmental candidates selected for promotion on any single occasion shall be determined in the order of their selection as recommended by the Departmental Promotions Committee.
- (ii) Where persons promoted initially on probation are confirmed subsequently in an order different from the order of merit decided at the time of their promotion, seniority shall follow the order of confirmation and not the original order of merit.

In cases where the period of probation of an employee is extended on account of a vigilance or disciplinary case pending against him and the employee is subsequently exonerated, his probation will be regulated from the date on which it would have otherwise been regularised but for the pendency of the vigilance or disciplinary case.

- (iii) Where promotions to a grade are made either from more than one grade, or from the same grade

divided into different cadres on regional, project or Directorate basis, eligible persons shall be placed in separate lists in order of their inter-se-seniority in the respective grades or cadres.

- (a) If the promotion is to be made on the basis of merit alone, the Departmental Promotion Committee shall prepare a 'Select list' on the basis of merit. Promotion shall be made from this 'Select list' in the order in which the names have been so finally arranged;

- (b) If, however, the promotion is to be made on the basis of seniority-cum-fitness, i.e. seniority subject to the rejection of unfit, the Departmental Promotion Committee shall place the candidates from the various lists into one "consolidated seniority list" based on the total length of service rendered in that grade or cadre and make recommendations for promotion on the basis of this "consolidated list". The inter-seniority of the candidates in their respective lists will not be disturbed in the "consolidated list".

C. Relative Seniority of Direct Recruits and Departmental Promotees :

- (i) When the vacancies on any one occasion are reserved for departmental promotion and direct recruitment, names of the promotees shall be released first and they shall be promoted accordingly. The names of the direct recruits shall be released thereafter and appointments made, subsequently. In case the Departmental Promotion Committee panel is not available, the vacancies for direct recruitment will not be filled on regular basis, instead, officiating arrangements shall be made.

- (ii) Amongst the departmental promotees and direct recruits so appointed on any single occasion the departmental promotees shall be treated as senior en bloc to the direct recruits.

D. Ad-hoc Appointments :

Persons appointed or promoted to a grade on an *ad-hoc* basis shall be replaced by candidates approved for regular appointment or promotion as soon as possible. In the event of regularisation of their appointment, they shall take their place in the seniority list with reference to their regular selection or promotion.

E. Contingent Employees :

In the case of employees, who are recruited initially on contingent basis, and are brought to the regular establishment of the Commission later, the seniority shall be fixed with reference to the date of their regularisation and order of selection determined at the time of regularisation. Where, however, the order of merit is not so determined, the inter-se-seniority of the candidates, brought on to the regular establishment on the same date, will be decided on the basis

of the date of their continuous employment on contingent basis prior to such regularisation. If the date of employment on contingent basis is also the same, the candidate older in age shall be deemed to be senior.

F. Deputationists :

Seniority of a Government servant, whose services are obtained by the Commission on deputation terms is not required to be determined *vis-a-vis* the employees of the Commission.

In the event of the eventual absorption of an officer on deputation, on termination of his lien in his parent department by retirement, resignation or otherwise, his seniority *vis-a-vis* Commission's employees will be fixed from the date of eventual absorption in the Commission.

G. Seniority of decentralised Cadres.

- (a) The seniority in respect of decentralised cadres will be maintained regionwise, and in respect of former Class IV staff, office-wise.
- (b) In the event of transfer of an employee belonging to decentralised cadres, in the interest of the Commission, from one office to the other, or from one region to the other region, the seniority of the employee will be retained in his original regions, and the employee will be considered for promotion in his turn, in his parent region.
- (c) When such an employee is due for promotion, to the next higher post, in his parent region, he will be posted back to that region. In case, on account of exigencies of work, it is not possible to post the employee back to the region of his original posting, the employee will be given proforma promotion, if he is approved for promotion and the candidate next below him in the region will be promoted to fill that vacancy;
- (d) Where the Commission decides that the employee concerned should go back to his parent region on promotion, and he refuses to do so, proforma promotion will not be given to him.
- (e) In case, an employee belonging to a decentralised cadre, is transferred at his own request, from one region to another, his name will be struck off and he will be placed at the bottom in the seniority list of the region to which he is transferred.

H. Fixation of seniority on absorption of employees from one cadre to another :

The following criteria shall be taken into account in fixing seniority of employees absorbed in a cadre other than the one to which they belong :—

- (i) The Commission will be free to transfer employees from one cadre to another temporarily on administrative grounds, e.g. transfer of work, non-availability of suitable men.

- (ii) Such employees will retain their lien and seniority in the parent cadres and will have no right for absorption in the cadres to which they are transferred temporarily.

- (iii) If, as a very special case, they are to be considered for absorption in the cadres to which they are temporarily transferred, their seniority will count only from the date of their transfer to the cadre in which they are actually working (at the time their absorption is considered) so as not to prejudice the rights and seniority of the personnel already recruited or promoted to these cadres; even those recruited and promoted to these cadres on the day the personnel from other cadres are transferred will all rank senior to the personnel transferred from the other cadres.
